

A special note about Plus Plans:

Our Plus Plans give employers the opportunity to provide a quality dental plan at a reduced cost. Members have the flexibility to go to any dentist, but may experience higher out-of-pocket expenses when using a non-network dentist. Premier Access will allow up to the Maximum Allowable Charge, accordingly to the fee schedule for non-network dentists. Charges in excess of the Fee Schedule will be the member's responsibility. For example, if a non-network dentist charges \$100 for a cleaning and the allowance on the fee schedule is \$40, Premier Access will pay the applicable percentage of \$40. The remaining balance is the member's responsibility.

Members also have access to the Premier Access PPO and PCN networks! These dentists offer dental care at a discounted rate (contracted rates for PPO and PCN dentists are 30% or more, below usual charges). Additionally, the PPO and PCN dentists cannot "balance bill" our members for amounts greater than their contracted rate.

**Premier Access Insurance Company strongly encourages our members to use PPO and PCN dentists to maximize benefits and reduce out-of-pocket expenses.** Please see included fee schedule, then multiply the fee by the benefit percentage provided in your plan to determine the maximum Premier Access will pay for your dental care.
